

[Getting Started](#) : Special Characters List

---

## Special Characters List

This software allows you to use a variety of special characters for your embroidery designs. The following lists the standard and special characters available in the software.

Note that, if you are inserting one of the Key Codes that includes the **Alt** key as part of the sequence of keystrokes, the four-number code that follows must be typed in using the keypad (i.e. not the regular numbers along the top of the keyboard).

### Character

### Key Code
